Easily identify your Service Dog with these professional looking tags

Click the Image Directly ^{^^^Above^^^} for More Information, Current Pricing and Availability. Easily identify your Service Dog with these professional looking tags. You get 2 tags and 2 strong rings for one low price. The bright red design and glossy epoxy coating helps them stand out from ordinary ID tags. Printed with fade resistant inks and coated with a super strong epoxy coating. Durable metal back for strength. Made in the USA. Product Description: Easily identify your Service Dog with these tags. These attractive light-weight IDs quickly attach to your service dog's collar or vest. Our tags are made with a durable metal back for strength. The lettering is printed with fade resistant inks and then coated with a super strong epoxy bubble that prevents the writing from being scratched or worn off. The bright red design and glossy epoxy coating also helps them stand out from ordinary ID tags. You get 2 tags for one low price. Each set also comes with 2 rings for attaching the tags to collars or vests. The tags measure 2" x 1.375". This original Service Dog Tag Design isn't available from any other manufacturer and is proudly made here in America.
