SCHWARZER HUND GERMAN SHEPHERDS We feature solid-black, blanket back and sable German Shepherds (though we offer most all colors and patterns as well as both short stock and long stock coat German Shepherds). Aesthetics aside, our prime objectives in breeding are; soundness, even-temperament, ability and intelligence. Our breeding stock is in top physical condition & pups come with a contractual health guarantee covering all major diseases, as well as hereditary hip and elbow dysplasia. We pride ourselves on helping select just the right pup or adult to suit a client's specific wants and needs. Puppies receive their first vaccinations and a thorough physical examination from our veterinarian at six weeks of age. They are socialized by exposure to diverse people (especially children), dogs and environments & at 7 weeks are tested with the Volhard aptitude test to assist in placement. Our Dogs and puppies will only go to homes where they can be properly cared for and after they have reached a minimum of 7 weeks of age. We deliver our adult dogs & puppies worldwide.
