### Royal K9 Kennel, LLC

<http://www.royalk9kennel.com/>

Our puppies are born in our home, in a busy and active room, to help acclimate them to everyday sites, sounds and smells.

Our puppies are born in our home, in a busy and active room, to help acclimate them to everyday sites, sounds and smells. Whelping boxes are kept very clean and puppies are handled daily! Once the puppies are whelped, the for sale page is updated with DOB, availability, and usually a group photo. We will update photos at 3wks of age and again at 6wks of age. We do our best to update more often, but this is not guaranteed due to busy schedules and taking care of our fur babies!

Visitors are very welcome, but puppies may only be viewed after 7 weeks as this is when they receive their first puppy vaccination. We ask that you please respect this time frame as we do our best to safe guard our puppies from outside disease and parasites! At around 4 weeks of age when the puppies start to crawl out of the whelping box, they are moved to the indoor/outdoor puppy runs. They are still nursed by their mother, but begin the weaning stage and do not spend much time with her. We introduce them to multiple surfaces, such as pavement, grass, tarps, wood as well as slick surfaces like linoleum. They leave our kennel bold and confident and we attribute it to the upbringing we provide them! **HEALTH GUARANTEE** We devote our everything to our dogs, and our puppies are given the utmost of care. We worm our puppies at 2-4-6 of age. Puppies also receive their first distemper/parvo vaccine, as well as a Vet inspection. Each puppy leaves our kennel no sooner than 8 weeks old, and comes with a 2 year health guarantee. The pups are guaranteed healthy when they leave Royal K9 Kennel with a 72 hr return policy for any reason. We provide a 2 year health guarantee against any congenital or hereditary DISABLING disease.
