DESERT STAR SHEPHERDS We have been raising German Shepherd dogs at this location for over 20 years. Our dogs go back to the old American blood lines. Our shepherds are bred for well defined heads with noble expression, intelligence and companionship. We will not introduce over angulated or overly aggressive bloodlines into our breeding program. Our shepherds are not kennel raised. They share our home, and our large estate provides plenty of room for exercise, and play. Desert Star Shepherds possess unusually high intelligence, outstanding character, and a strong desire to please. They perform all work requested of them with good will and enthusiasm. They excel at obedience and agility exercises. Obedience training is recommended to insure a faithful and loyal companion. Dog and owner benefit by building a strong bond that will last for years to come. All content of this listing belongs to the Owner in this Listing! Copyright © All Rights Reserved.
