The Mirrwood kennel was established in 1984

The Mirrwood kennel was established in 1984 following an eight year interest in the breed. Our first shepherd became a handful and it was decided I either get rid of him or train him. Opting for the latter he soon proved his worth and started to win at obedience shows, swiftly winning out of beginners and novice. After eighteen months he was winning at the highest level. His name was Luther. Our foundation bitch, Chaka, (Chincoteagues Oddysey) was bought to show, but she wasn't really good enough and so she embarked upon a career in the agility world. Her best claim to fame was a third place. A photo taken on that day showed her to be the only shepherd in the first six, alongside five collies. Chaka has whelped three litters, from the 'D' litter Mirrwood. Django and D'vina both won at Open Show level. Django was placed fourth in his first Championship Show. Asti became our first show bitch, winning well at Open Show level. Asti was also the dam of the 'C' litter Mirrwood. All content of this listing belongs to the Owner in this Listing!
