### Taylor Made Working Dogs

<http://www.taylormadeworkingdogs.com/>

We are a family owned dog training and breeding company who's mission is to provide top quality working line German Shepherds.

Taylor Made Working Dogs specializes in top-quality breeding and training for working dogs, protection dogs and family pets. We take great pride in our own working dogs and also our effective training methods for other family pets. We train for complex obedience tests such as Schutzhund training, as well as personal protection, basic obedience and rattlesnake avoidance. We also breed German Shepherds from exceptional bloodlines. We provide regular obedience training to promote positive behaviors and eliminate overt aggression or dominance. Training is conducted with the owner and pet together, individually with the pet and trainer, or also in group classes with other dogs and owners. Training for guard dogs, personal protection dogs and Schutzhund police or military dogs is more in-depth and covers specific skills. Our own pure-bred German Shepherds are also our beloved family pets, and we are pleased to share their impeccable bloodlines, devoted personalities and handsome physiques with other families, trainers or service organizations.
