We insist on world-class German bloodlines in our breeding program.

Rivergreen German Shepherd Kennel We are a small but selective kennel insisting on world-class German bloodlines in our breeding program. We produce 2 - 3 litters a year with the intent of placing happy, confident shepherds with committed shepherd owners. There is as big a thrill for us in successfully placing a companion puppy with a family as there is in the show ring. The family dog and the show dog make us equally proud. Our breeding begins with tested, high-quality parents. The product we hope for is puppies that are healthy, free from genetic problems, and suited to the future their new owners set for them.
