Offering German Shepherd Import Puppies

Von Lousar Shepherds We are a breeder and importer of German Shepherds in Northern Ontario. Our breeding stock consist of only the finest German bloodlines. I am extremely picky with the lines that I decide to add to my breeding program and all dogs/puppies were selected very carefully. I believe if you can't have it all in one dog then why breed? As a breeder it's our job to better the breed to what the standard calls for. In this case I do believe that the German Standard is the closest to what the German Shepherd used to be back in the days and is the most correct.
