Patriot K9 Training Have an unruly, hyper puppy, or an aggressive skittish dog? Does your dog jump up on people or barks at anything, does he or she still have issues with urinating inside, or do you simply want your dog to be able to play with other dogs, these and any other issues you may encounter can be fixed. The key is to understanding the trigger or source of what is causing your dog to react in the manner it is, then apply the proper counter-responses to eliminate the issue. At Patriot K9, we understand how pleasant it is to have a dog sit when told to sit, or when walking, to have him or her not pull you all over the place. We also understand how important it is to begin imprinting a puppy with the proper obedience so as they grow and mature, you will have a well behaved family member. With our core obedience training, we will put in place the proper effect for which to begin your pets' journey to happier times. Agility is the pinnacle of dog training, in its simplest form, an agility course consists of a set of standard obstacles laid out by a judge in a design of his or her own choosing in an area of a specified size. The surface may be of grass, dirt, rubber, or special matting. Depending on the type of competition, the obstacles may be marked with numbers indicating the order in which they must be completed. Patriot K9 believes that any dog, small or big is capable of learning agility and by doing so, instills a control and strict discipline that can be applied to anything else a dog owner would like to teach their dog. Conditioning is not only for humans. Having a healthy dog, means having him or her around longer which means more happy time for you and your family. We will give your dog an assessment and let you know what you can do to improve his or her diet and activity. Have a busy schedule, not able to give your beloved dog his or her daily exercise, then don't worry, Patriot K9 Training offers dog walking services that will get your dog up and walking and kept fit. Just call or email us for pricing and with the times you need, we know how important your dog's exercise is and were dedicated to providing it.
