Halls German Shepherds

<http://www.hallsgermanshepherds.com>

We breed strictly for quality and health and hope our clients are looking for that.

Hall's German Shepherds This is our passion! My husband and I always had GSDs growing up, so it was only natural for us to get, our first shepherds, Bandit and Shiloh when we got married. While training them, and having our kids, we decided to have our first litter. After being successful with that, and meeting some really cool people, we started our business and added Jetta and Jessie. Jetta, our solid white love bug and Bandit, our black and silver male, retired in May 2014. In June 2014 we purchased Jerry, our new black stud, and Jewels, our black/red female. March 2016 and April 2016 we decided to keep 2 females from our litters, a white shepherd named Maci and a West German lined black and red named Sammie! Our newest member, UKC champion, Avah, joined our pack. Our dogs are like our children to us. We feed a Raw, Meat-and-Bone diet, based on the PREY Model diet (to the dogs, not the children--LOL). Our dogs are never kept in kennels or runs or kept chained--like you often see. All of our GSDs are AKC registered and our white shepherds are dual registered with UKC. All puppies come with a health guarantee, AKC registration, current shot and worming records, a microchip New Owner Puppy Manual, and lifetime breeder support.
