Real working line pups From Patriot K-9 Services

Patriot K-9 ServicesPatriot K-9 Services has provided the government and private industry with true working dogs and working dog teams for nearly 20 years. The US Army in Iraq and Afghanistan, State Dept., Treasury Department, Empire State Bldg, NYSE, and many more have utilized our dogs and teams. We breed only a couple of litters a year. We train some and sell a few. We currently have 1 male available from the current litter born 1/30/17. These are Czech import parents from the famous z Pohranicni Straze (Czech Border Patrol) line of working dogs.
