Our German Shepherd Puppies are bred for visual and physical perfection.

Alsace Royale German Shepherds We are a small Hobby German Shepherd Kennel of top quality Old Fashion Straight Back German Shepherd dogs/German Shepherd puppies, situated on the scenic Inishowen peninsula in Northern County Donegal, Ireland just 20 minutes from the Foyle bridge in Derry/LondonDerry, UK. Our German Shepherd dogs/German Shepherd Puppies are bred for visual and physical perfection that are of good temperament and are fantastic german shepherds with children. They are big with large heads and are heavily boned German Shepherd dogs. I like calm but energetic german shepherd/German Shepherd Puppy with no hind end slope, straight top lines (backs) with large heads, heavy bones, and tall frames very good in obedience and agility.
