East German Shepherds Bred With Integrity

We are the home of Von NordOsten Shepherds & Von Barren Berg Shepherds, Quality Working Line German Shepherds. NordOsten Kennel is located in Northeastern Massachusetts breeding mostly East working line German Shepherds. Our goal is to breed the best temperaments and health, dogs that can be good family members or working companion. We choose our breed stock carefully and raise them properly to ensure their temperaments and health. You may visit our dogs by appointment and let them speak for themselves. I started breeding German Shepherds in 1998 after my good friend Linda from Miles River Training Kennel, introduced me to the East German Shepherds. I purchase my first East German female, Tula Von Barren Berg, from her in 1996, then Zella Von Barren Berg in 1999, and the rest is history. I breed for temperament, health & structure. My dogs and pups are raised around kids and are very social. It is important to keep my dogs healthy and happy so they produce the same. When choosing a stud dog, I look for excellent temperament, stable nerves, good hips and other qualities that will compliment my females. I want a dog that can be a good family companion and also capable of sport. All content of this listing belongs to the Owner in this Listing! Copyright © All Rights Reserved.
