MY NEW GERMAN'S NURSERY

<http://www.mynewgerman.com/>

My goal is to breed quality German Shepherds that will be easy to train, clam and well mannered.

MY NEW GERMAN'S NURSERY My goal is to breed quality German Shepherds that will be easy to train and well mannered. I strive to raise the healthiest, happiest puppies possible and place each of them in a loving home. I focus on breeding a "family friendly" pet that would be suitable for any home. I breed purebred AKC Registered Black and Tan, Black and Red, Bi-Colored, Solid Black, and Sable German Shepherd Puppies. All of my German Shepherd puppies include a written and signed health guarantee, papers for AKC registration, complete medical record, health examination and USDA health certification. They will arrive at their new home current on all age appropriate vaccinations and dewormings. I also provide a daily schedule including current diet, feeding schedule and potty routine which will help them settle in with your family. They will come to you already fitted with a tiny harmless microchip that will stay safely in place for life, offering protection from loss, theft or separation. The microchip number is unique and belongs only to your puppy. To help you select the very best puppy for your family all of my puppies have been aptitude tested. Although I am located in Branson, Missouri, I am experienced at getting your puppy to you quickly and safely and can arrange delivery all over the Continental US, Alaska, Puerto Rico, and Canada.
