Our dogs and puppies live in our home, not in kennels and are cherished family members.

We are dedicated to producing the total German Shepherd Dog and have been active with the importing, titling, showing and breeding of top quality German Shepherd Dogs since 1989. Our dogs and puppies live in our home, not in kennels and are cherished family members. We will only import and breed dog's that follow the strict regulations of the SV in Germany. All of our breeding stock must have achieved VA or V ratings in the show/conformation ring and have a minimum of a BH, AD, and Schutzhund SchH, and or IPO Working Titles. Both the sire and dam must be breed surveyed with a rating of Kkl 1, the highest recommendation for breeding and have had their hips and elbows xrayed using the German "a" Zuerkannt, and/or the Orthopedic Foundation for Animals (O.F.A.) and PennHip scheme to assure that we have taken every precaution towards breeding dogs free of hip dysplasia. All of our puppies are guaranteed to have sound health and temperaments and are registered with the American Kennel Club (AKC). We take pride in breeding top quality German Shepherd puppies to the standard that are healthy in both mind and body and free of genetic disease. Show homes, working homes, and pet companion homes are all equally important to us. Our involvement with the German Shepherd Dog is a privilege and a love. We breed to advance the quality of the breed, not the quantity. Yours in the German Shepherd Sport and Breed, Andrew & Maureen Masia All content of this listing belongs to the Owner in this Listing!
