Honest, Dependable Quality since 1987

Theishof German Shepherds, LLC Theishof German Shepherds is a family oriented breeder of German Shepherd Dog puppies in the Boise, Idaho area. We produce puppies that are social, with sound/outgoing temperaments, extremely high intelligence, and regal beauty. Our puppies are handled daily from birth and are very well socialized until they depart at 8 weeks to our "extended Theishof" families! Because we take our commitment to our litters very seriously, our puppies temperaments are a cut above the others, making them wonderful companion animals, SAR dogs, service dogs, show dogs, and especially, quality IPO sport dogs. Our breeder, Heidi Theis, is highly skilled in placing the correct temperaments with the right families, according to what you are looking to do with you new Theishof puppy
