Cache Valley German Shepherds

<http://www.cachevalleygermanshepherds.com>

Every breeding pair is chosen for his or her genetic potential and health.

Cache Valley German Shepherds Every German Shepherd breeding pair is chosen for his or her genetic potential and health. Parents are matched carefully to produce the best possible results. All of our litters are raised in a home environment, they are around other dogs, children, lots of people, very well socialized by the time they are placed.
